#### Remarks and explanations

**RM means "Rimandato/fail": the student must take the exam within February 2010.**

**The homework, if sufficient, will remain valid until then.**

Riboni did not do the first midterm; thus he is not admitted to the second one (which is anyway partial)  
He will have to do the whole exam, including the homework (contact me or Paola to agree on the homework)

Those who want to see their final test (TPN-TRIO) and/or ask for explanations should come to my office

**Wednesday 6th between 1 and 2 PM.**

If they cannot, please contact me via email for an appointment.

UIC students who want to see their homework can meet Paola Tuesday 5th, between 11 and 12 AM.

NON-UIC students who want to see their homework can meet Paola Friday 8th, between 2 and 3 PM.

Non-UIC students will have a chance to refuse a sufficient grade within Friday 8th

In such a case they should send an email to me exclusively through their Polimi address and wait for an explicit ack.

UIC students do not have a chance to refuse their grade, neither the italian one nor the UIC one.
